

NEWSLETTER OCTOBER

Dear Tutorians,

The first month of the new season is over. The season started quite hectic with some teams that did not have enough members. Fortunately, things are going the way they used to last season and I hope things continue like this.

I hope you all had a good start of the year and especially hope the freshman students found their place here in Delft. We, as the board of Tutor, had quite a busy start as most of you probably had as well. Tutor managed to attract a record amount of members during the OWee and open trainings this season, bringing the member count all the way up to 161 members! We are glad so many of you decided to join or stay after last season.

In this newsletter I will update you on some important changes this season and update you with other information.

Enjoy the read and let us make this season the best one yet!

Regards,

Your chairman, Max Le Blansch

Player of the Month

This player has already helped out other teams by guarding their goal 4 times already this season. I am talking about **Pavel** of course, the trustworthy goalie of T5. These 4 matches were not evenly spread across the first 4 weeks, he managed to join 2 other teams apart from his own on one of the fridays! We are looking forward to see him play more matches this season and

make even more of the important saves!

Trainings

As mentioned at the start of this newsletter we have a record amount of members this season. This does raise some problems since we have to manage with the same amount of space we had last season during the trainings. Having this many players at the training compromised the quality of it.

Fortunately we came up with a solution. We split up the regular trainings in 2 trainings of 1 hour for which you have to register. This means the first training is from 19:30-20:30 and the second one from 20:30-21:30. This also means the selection B training start and ends half an hour later. For all the information and to register for you timeslot visit fctutor.com/training.

Confidant

Another change this season is that our association now has a confidant (otherwise known in Dutch as "vertrouwenspersoon"). He is our former board member **David van Nijen**. Everyone is free to reach out to him for any problems you cannot talk about or solve by yourself, with your team or with the board. You can call or message his number: **+31 6 48900056**.

Contribution

At the end of this month our dear treasurer **Ruben** will collect the contribution via ClubCollect. This way uncle DUO will have send you your allowance for October or you might just have received your paycheck.

The total cost of this will be **€70,-/€40,- /€15,-** depending if you are a full year match member, half a year match member or a trainingsmember respectively (+ **€46,-** if you bought a full kit). More info will follow.

Member's night

I hope you already heard of the first event of this year. If not, it is good you are reading this newsletter. Tomorrow (Thursday) we reserved some bowling lanes at "Gasterij t' Karrewiel" from 20:00-23:00. This will cost you €10,- including 2 drinks!

This is of course one of the best opportunities to meet a lot of other members, especially if you are a new member. You can register for this fun evening [here](#).

Drink @ X

Apart from the member's night our first drink is also coming up. This drink will take on Friday the **11th of October**. It will start from **22:00 in the cafe of X**. We will have our own space reserved there on the raised part of the cafe. We will have our own prices of drinks that are lower than the regular prices of X. Make sure to drop by, especially if you are playing a home game that night!

Referee Schedule

You can find the schedule of the coming weeks on the homepage of our [website](#). If your team does not arrange a referee, your team has to go twice the month after. So make sure to claim your turn as soon as possible.
